

# **“I WILL FLY”- from Sixty Original Song Lyrics by Samuel Blankson**

## **I will fly**

### **Verse 1**

You came boy into my life and set me free  
Not ever will I be sad now you are here  
You've come with so much love for me  
Now I have no need to be lonely  
Sweet words you spoken to me, through the years  
Warm smiles you gave me through my frozen tears  
Your love runs deeper than the deepest sea  
I'll cherish you as long as I may be

### **Chorus**

I will fly to your side  
If you need someone to love you  
And I will cross the deep blue sea  
And take care of you

### **Verse 2**

A soul mate in you is what I think I've found  
Someone who'll always take away my frown  
I swam in sorrow till I nearly drowned  
You rescued me my gratitude's profound  
My heart has hungered for you for so many years  
Praying for you to come and wipe my tears  
You looked me deep within my tearful eyes  
And searched my soul to find what I denied

### **Bridge**

You let me see  
Boy I was lonely  
Until I met you  
My life was falling  
But now I am free  
So bring on tomorrow  
The birds in my trees  
Are singing again

### **Chorus**

I will fly to your side  
If you need someone to love you  
And I will cross the deep blue sea  
And take care of you

### **Chorus**

I will fly to your side  
If you need someone to love you  
And I will cross the deep blue sea  
And take care of you

### **Chorus**

I will fly to your side  
If you need someone to love you  
And I will cross the deep blue sea  
And take care of you
